Adding your logo

Last Modified on Jun 5, 2023

The Theme designer allows you to fully customize the look and feel of your Booking pages and Master pages.

You can add your logo to your Booking pages from the Theme designer. Your logo can be added to any of the out-of-thebox System themes, or any Custom theme that you create. Your Customers will see your logo in the top left corner of the page when they access your Booking pages or Master pages, ensuring that the scheduling experience is completely under your brand.

You do not need an assigned product license to update the Theme designer, create custom themes, or update a Booking page's theme. Learn more

4. In the Core properties section, click the Choose image button (Figure 2).

Core properties	
Base theme (i)	Light system theme
Header logo (reset)	Format & size: JPG/PNG/GIF up to 200KB Recommended: 200px wide by 50px high
Button color (reset) (i)	#006DAF
Button font color	Automatic 🗸
Font	Open Sans 🗸
Booking form fields	Modern - Fields as underlines 🗸 🗸

Figure 2: Choose an image for your Header logo

5. Select the image that you would like to use for your Booking page logo. The recommended size of the **Header logo** is 200px wide by 50px high.

If you would like to use different branding for different Booking pages, you can create multiple themes with different logos. Each of your Booking pages can have its own theme with its own logo.

Using a link with your logo

You can also define a link for your logo in your Booking page's Public content section or your Master page's Public content section.

If your Customer clicks on the logo on your Booking page or Master page, a new tab will open with the website you defined.

i Note:

If you have added a website to the Public content section of your Master page, it will override any website added in the Public content section of any Booking pages you include in the Master page.
