

## What's new in version 9.6?

Last Modified on Jan 12, 2021

### OnceHub for Gmail extension for Chrome

The OnceHub for Gmail extension enables you to create scheduling invitations directly from your Gmail account. OnceHub for Gmail gives you instant access to all of your [Booking page](#) links without the need to change apps. You can create [personalized links](#) or [one-time links](#), copy them in a single click, and send them in an email.

### Enhanced accessibility

This release enhanced our growing accessibility support. We released further accommodations on the ScheduleOnce customer end for the vision impaired.
