

Location of the Time slot settings [Classic]

Time slot settings are located on the [Booking page](#) by default. If you associate [Event types](#) with your Booking page, the **Time slots settings** section is located on the Event type. This allows you to standardize the settings for your scheduling scenarios. [Learn more about associating Event types with Booking pages](#)

In this article:

- [Booking pages associated with Event types](#)
- [Booking pages not associated with Event types](#)

Booking pages associated with Event types

For Booking pages **associated** with Event types (recommended), go to **Booking pages** in the bar on the left → select the relevant **Event type** → **Time slot settings** (Figure 1).

The screenshot shows the 'Event type: 15-minute meeting' settings page. On the left sidebar, the 'Time slot settings' option is highlighted with a red box. The main content area is titled 'Time slot settings' and includes the following sections:

- Time slot display**: Includes a help icon.
- Event type duration**: Set to 0 hours and 15 minutes.
- Starting times**: Radio buttons for 0, 5, 10, 15, 20, 25, 30, 35, 40, 45, 50, 55. The '15' option is selected. Below this, it says 'For example: 10:00am, 10:15am, 10:30am...'.
- Time slot spacing**: A dropdown menu set to '15 minutes' with the text 'Time slot starting times must be at least 15 minutes apart.'

Booking pages not associated with Event types

For Booking pages **not associated** with Event types, go to **Booking pages** in the bar on the left → select the relevant **Booking page** → **Time slot settings** (Figure 2).

The screenshot shows the 'Time slot settings' configuration page for a booking page named 'DanaFisher'. The page is divided into a left sidebar and a main content area. The sidebar contains several menu items: 'Overview', 'Event types', 'Associated calendars', 'Recurring availability', 'Date-specific availability', 'Scheduling options', 'Time slot settings' (highlighted with a red box), 'Location settings', and 'Booking form and redirect'. The main content area is titled 'Time slot settings' and includes a 'Time slot display' section with a help icon. Below this, the 'Time slot duration' section has two radio button options: 'Fixed at' (selected) with a dropdown menu set to '15 min', and 'Selected by customer between' with two empty dropdown menus and a 'Default:' dropdown menu. The 'Starting times' section features a row of checkboxes for intervals: 0, 5, 10, 15, 20, 25, 30, 35, 40, 45, 50, and 55. The '15' and '45' checkboxes are checked. Below this, an example shows '10:00am, 10:15am, 10:30am...'. The 'Time slot spacing' section has a text label 'Time slot starting times must be at least' followed by a dropdown menu set to '15 minutes' and the word 'apart'.
